

Tuition fees for students starting their studies after 1 January 2025

The legislation concerning tuition fees came into effect on 1 January 2016. According to the legislation, Universities of Applied Sciences are obliged to charge tuition fees for those students who are not citizens of countries of the European Union (EU) or the European Economic Area (EEA) and starting their degree studies 1 August 2017 and onwards. The legislation concerns degree programmes conducted in English.

The board of Savonia UAS has decided on 26 March 2024 on the new tuition fee and scholarship scheme, which applies to students starting their studies after 1 January 2025.

If the student fails to pay the tuition fee by the deadline given, she/he cannot register for the academic year and therefore she/he will lose the study place.

The tuition fee for non-EU/EEA Bachelor's degree students is 9700 euros / academic year.
